**authentic way of presenting
video in such a space**

remind of any other**

**It is really something
different**

**the power of the imag-
ination to remake the
world, to release the
truth within us, to hold
back the night, to tran-
scend death, to charm
motorways, to ingrati-
ate ourselves with birds**

Also I feel that all the works

Simple, undone display at
W139 Gallery was amazing

Это небо.

Who's this?

unknown Dutch artists collaboration 😊
that's a new exhibition in W139, so when
we asked for some info a girl told us it's
not prepared yet ☹️

Ahaha oh my god, and
those people steal our future jobs...

But is it a video or an
image?

indeed 😊 that's a video, though reminded
me of a computer game, actually. Short
fragments from the future after
technological pollution.
